Custom Frameless Enclosures

The Agalite Estate Collection is an expression of elegance, style and quality. It is simply the best. Every Estate Collection enclosure is custom made to your specifications in the USA and Canada. Agalite Estate shower doors are crafted using heavy 3/8" or 1/2" tempered safety glass with high polished and mitered edges. All Estate doors use the highest quality solid brass hardware available in a variety of styles and finishes. The frameless design of Agalite's Estate Collection is a natural choice to highlight stone and tile work.

The unique header system of the Estate Collection Slider Door is engineered to support the extra weight of heavy 3/8" glass while maintaining a lifetime of smooth operation. The hardware is mechanically secured through holes in the glass, locking the hanger brackets and towel bars in place.
